

EXCOECARIA 'JUNGLE FIRE'

'JUNGLE FIRE'

1. Striking glossy leaf color with cream/green on top and a deep purple underside.
2. Strong spreading structure, tight growth habit, moderately aggressive grower.
3. Frosty leaves and red undersides; consider it for Christmas Sales!
4. Hardy to zone 10 only; full sun or partial shade.

Versatility at its Best!!

Ideal plant for use in hanging baskets, as stand alone plants in 4" and 6" upright pots, as a landscape bush in tropical settings, in combination planters, and as color accents in dish gardens.
